

Frequently Asked Questions

hygoBag®

FEATURES	TECHNICAL
<p>Q. What is <i>hygoBag</i>? A. <i>HygoBag</i> is a personalized disposal bag designed to provide women a clean, sanitary solution for the disposal of soiled feminine hygiene products.</p> <p>Q. What are the benefits of using <i>hygoBag</i>? A. <i>HygoBag</i> provides protection and cleanliness for restroom users and maintenance workers; minimizes exposure to blood borne pathogens, thus reducing liability and decreases odors caused by soiled sanitary products.</p> <p>Q. What makes <i>hygoBag</i> better than other types of bags? A. Unlike other bags, <i>hygoBags</i> are the perfect size in which to place used feminine products; made of plastic so body fluids will not seep through; and are a blue color so soiled products are hidden from view.</p> <p>Q. How does it work? A. The <i>hygoBag</i> dispenser is installed in restroom stalls. In the privacy of the stall, a woman may remove a bag from the dispenser and place her used feminine product inside. The bag is disposed into the waste receptacle provided by the facility.</p> <p>Q. How do women know what the product is for? A. Informational instructions are imprinted on the front of every dispenser.</p>	<p>Q. How is the <i>hygoBag</i> dispenser installed? A. The <i>hygoBag</i> dispenser can be adhered to the wall or stall divider with two screws or two strips of double sided tape, both included with the dispenser.</p> <p>Q. How many bags are in a refill pack? A. There are 25 bags per refill pack. On average one pack will last 3-4 weeks.</p> <p>Q. Does the dispenser lock? A. Yes. A specially designed key is provided with each dispenser.</p>
